

computer architecture the ultimate pdf

A one instruction set computer (OISC), sometimes called an ultimate reduced instruction set computer (URISC), is an abstract machine that uses only one instruction – obviating the need for a machine language opcode. With a judicious choice for the single instruction and given infinite resources, an OISC is capable of being a universal computer in the same manner as traditional computers that ...

One instruction set computer - Wikipedia

Shuseel Baral is a web programmer and the founder of InfoTechSite has over 5 years of experience in software development, internet, SEO, blogging and marketing digital products and services is passionate about exceeding your expectations ...

Solved MCQ of Computer Organization and Architecture set-1

Architecture is both the process and the product of planning, designing, and constructing buildings or any other structures. Architectural works, in the material form of buildings, are often perceived as cultural symbols and as works of art. Historical civilizations are often identified with their surviving architectural achievements.
