From his collection he created The Pipe Book, which was first printed in 1924 and has rarely been out of print
since. The book is a thorough exploration of every type of pipe "primitive mounds and earthen pipes; more
elegant models of ivory, clay, and porcelain; and of course modern briars, cobs, and meerschaums" with
in-depth explanations of their uses, structures, and origins, as well as fascinating anthropological discussions
on smoking in various cultures.
