Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

The problem of evil refers to the question of how to reconcile the existence of evil with an omnipotent, omnibenevolent and omniscient God (see theism). An argument from evil claims that because evil exists, either God does not exist or does not have all three of those properties. Attempts to show the contrary have traditionally been discussed under the heading of theodicy.
